INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, (publishers of the Durham City Directory since 1903), present to subscribers and the general public, this, the 1959 edition of the Durham City Directory, which also includes Bragtown, Hope Valley, Joyland, Rockwood, Rollingwood, Sherron Acres and Tuscaloosa Forest.

Confidence in the growth of Durham's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Durham to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Durham Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a great commercial and industrial center like Durham, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Durham, Bragtown, Hope Valley, Joyland, Rockwood, Rollingwood, Sherron Acres and Tuscaloosa Forest, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this department are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a

business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Durham and vicinity.

The Durham Out-of-Town City Directory Library

Through the courtesy of the publishers of the Durham City Directory, a Directory Library is maintained in the offices of the Durham Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

History

In April, 1865, at a log cabin known as the Bennett Place, near Durham Station, there occured one of the most historic events in the history of the nation. Lee had surrendered at Appomattox, and the future looked dark indeed for the Southern states. Jefferson Davis and his cabinet had escaped to Greensboro, North Carolina, and there had held fiery debate as to the advisability of continuing the Civil War. Some members of the cabinet favored continuing hostilities at any cost, even though it meant carrying on a guerrilla warfare, while others took the position that the cause of the Confederacy was forever lost and that no good could be accomplished by further bloodshed. Finally it was decided to instruct General Joseph E. Johnson, commander of the Confederate Armies of the Carolinas, Georgia and Florida, to negotiate terms of peace with General Wm. Tecumseh Sherman, commander of the Federal Army that had broken the

backbone of the Confederacy by reason of its famous march to the sea. These two generals met at the Bennett Place and signed a tentative peace agreement. This agreement was so favorable to the South that General Grant refused to approve it, but after several days' conference, it was amended to meet General Grant's demands and was signed and approved by the governments of the North and South, and the War between the States came to a close.

Duke University Stadium; Seating Capacity, 41,000 (with Temporary Stands Now Seats 56,500); Scene of Rose Bowl Football Game, Jan. 1, 1942.

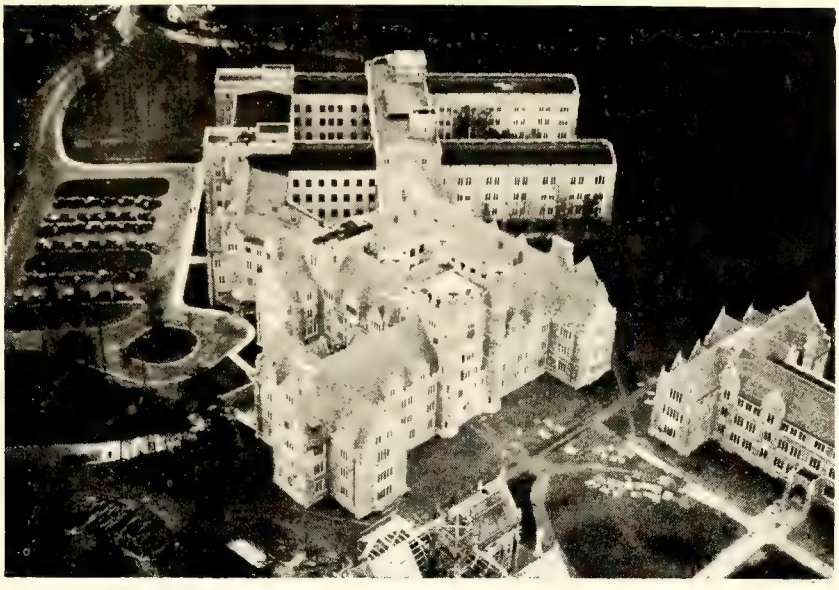
Part of the Main Quadrangle, Duke University, West Campus

Marking the place of surrender, just four miles from Durham, there has been erected, through the generosity of Mrs. S. T. Morgan, a beautiful monument consisting of two columns, one representing the North and the other the South, joined together by a crosspiece on which is the word "Unity." This historic spot, the birthplace of a reunited nation, is visited each year by thousands of people.

The death of the Confederacy gave birth to the city of Durham, and out of the ashes of the hopes of the Southern people has been built a great and beautiful city. In 1865 Durham Station was a small and insignificant point on the North Carolina Railroad, inhabited by less than 100 persons. There was one lone business enterprise here, a crude and unimportant tobacco factory with total assets of less than $2,000, including not only products on hand, but representing also the entire investment and replacement. History and tradition unite in saying that this factory was broken into by Sherman's soldiers and a large part of the stock carried away. Tradition further says that the product carried away was so well made and of such quality that when the soldiers returned to the pursuit of civil life, letters came back to Durham to ascertain if there was more of the product upon the market. To supply this demand a broken business was rebuilt.

In 1865 Washington Duke, a Confederate soldier, walked from New Bern to his home in Durham, and with the same stout heart that had carried him through the vicissitudes of a cost cause, turned his attention to the battle for bread, which was doubtless as cruel and bitter as the war from which he had returned. He built the second factory in Durham, composed of a log cabin 20 x 30 feet, and with his own hands manufactured a product out of a small supply of tobacco that the Federal soldiers had not found. This he called Pro Bono Publico. The annual output of this factory was originally four or five hundred pounds, and in 1872 had grown to 125,000 pounds.

In the meantime, W. T. Blackwell had moved to Durham to engage in the tobacco business. He was to the early development of the tobacco industry in Durham what Napoleon was to France, or Caesar to Rome. The Durham Bull got upon the map and in a few brief years his sonorous voice, like the shot at Lexington, was heard around the world. In 1872 the two small tobacco factories had grown into twelve.



James Buchanan Duke becoming convinced that it was neither practicable nor profitable to compete with Bull Durham smoking tobacco, turned the vision of his great genius into the cigarette field, and from that day to the present hour the increasing volume of the tobacco industry has become the common property of mankind.

On April 10, 1869, almost exactly four years after Johnston surrendered to Sherman, Durham was born. There were only 258 inhabitants in the village, and the total municipal revenue was $357.44. The largest taxpayer paid $40.62 in taxes. In 1870 there were probably less than 100 wage-earners in industrial pursuits in the town.

The tobacco industry grew at a very rapid rate, using large quantities of bright-leaf tobacco. While much of this type of tobacco was grown around Durham, it was sold at tobacco markets in Richmond and other Virginia cities, and local manufacturers had to pay the cost of transporting the tobacco from Virginia to Durham. This condition made desirable the opening of warehouses for the sale of leaf tobacco in Durham, and resulted in this city becoming one of the largest bright-leaf tobacco markets in the world, now selling from 40 to 57 million pounds each season.

During all this time there were no banks in the town, practically all the banking being transacted in Raleigh, and on days of big sales at the tobacco warehouses it was necessary to obtain cash from the merchants in order to pay the farmer for his product. Such inconveniences could not long continue, and soon two banks were established.

The next step in the industrial and commercial history of the town was the bringing in of additional railway lines. By the cooperation of manufacturers, merchants, and the city and county governments, the Seaboard Air Line Railway, the Southern Railway, and the Norfolk & Western Railway were given access to this market. Later the Norfolk Southern Railroad and the Durham & Southern Railway were added to the railway lines serving the city, giving a total of five railway companies with five lines radiating in every direction.

Durham had now grown into a very prosperous and thriving community, but its citizenship was not satisfied with having purely a commercial and industrial town. The people felt the need of better schools and, in 1885, after a heated political campaign, bonds were voted for public school buildings and a tax levied for maintaining a public school system. Today Durham has one of the finest public school plants of any city of its size, with physical property valued at $10,603,005, and with a personnel of teachers and management that gives it first rating among the cities of North Carolina.

In 1892, Trinity College, now Duke University, was brought to Durham through the philanthropy of Mr. Washington Duke and General Julian S. Carr. Today Duke University has a physical plant worth $54,355,000, 5,310 students, and a 600-bed hospital, and ranks among the leading educational institutions of the nation.

As the tobacco industry grew and prospered, certain persons used some of their dividends in establishing cotton mills, and this industry soon assumed a position of importance in the industrial life of the city. Later hosiery mills were established, until today Durham ranks as the first city of the South in the manufacture of full-fashioned hosiery. Other industries were added from time to time, including flour mills, fertilizer plants, iron works, woodworking plants, printing establishments, etc., until now there are engaged in industry over 19,000 wage earners, producing $200,000,000 worth of manufactured products annually. These industries pay into the Federal treasury approximately $70,000,000 each year. Durham today produces 19 per cent of all the cigarettes made in the U. S.

In 1914 a program of civic improvement was undertaken, and although it was interrupted by the first World War, it has now reached the point where Durham has all the conveniences of a modern city, including complete sewerage, asphalt streets, paved sidewalks, electric power, gas, the latest dial telephone service, Western Union Telegraph Service, American Telephone & Telegraph repeater station, insuring rapid long-distance telephone communication; a fine recreation program, and a system of waterworks with an impounding reservoir sufficient to care for the needs of a city of 100,000 people.

Any story about Durham would be incomplete without mention of the notable contribution which the Negro race has made to the industrial, commercial and civic development of the community. The progress the race has made here has been truly amazing. Under the leadership of E. R. Merrick, and later, C. C. Spaulding, and their associates, Durham's colored people have established industries, insurance companies, banks and other commercial businesses which would be creditable to any city. The labor which they furnish the city's industrial plants is intelligent and dependable. The high type of leaders among the colored people here has made Durham a conspicuous outpost in the advancement of Negro civilization.

One of the finest things about the founders of Durham is the material prosperity merely opened to them avenues of service to mankind. It has been said that more philanthropists have been produced in Durham than in any other city of the South. Watts Hospital, of 305 beds, was a gift to the city and county by Mr. George W. Watts. Lincoln Hospital, of 150 beds, is largely the gift of Mr. Benjamin N. Duke. Duke University is a living memorial to Mr. Washington Duke and his two sons, Benjamin N. Duke and James Buchanan Duke. Other philanthropists have remembered the city from time to time in ways that help in making Durham a good place in which to live and work.

Durham is today the fourth city in North Carolina in point of population, having 87,000 inhabitants, and is second in industrial payrolls, and second in importance in the value of its manufactured products. It is far in the lead in its educational facilities, having an unexcelled public school system and Duke University within its corporate limits, and having within a radius of a few miles the University of North Carolina, Wake Forest Divinity College, Meredith College, North Carolina State College, Peace Institute and St. Mary's.

The colored people have in Durham, in addition to excellent public schools for their race, the North Carolina College for Negroes, the only college of liberal arts for Negroes supported by taxation in the state.

All these things have been accomplished by people not especially favored by nature, but who by their determination, unconquerable will and tireless effort, and by their faith in mankind and in this community, have created a city that proudly takes its position as one of the representative cities of the new South and of America.

There is also located in Durham the North Carolina College for Negroes, the only college of liberal arts for colored people, supported by the State, in North Carolina. Enrollment for 1957-58 - 1,443.

Convention Facilities: Four hotels with total of 570 rooms. Maximum capacity of lodging accommodations, 1,374 persons; capacity in excess of ordinary requirements, 700 persons. Assembly halls, capacity, 800; ballroom capacity, 500; twelve committee rooms, auditorium, seating capacity, 1,750; Armory Auditorium seating capacity, 2,500.

County: Durham County was created by act of the General Assembly in 1881 from parts of Orange and Wake counties. While Durham is not a large county, it is the center of the famous bright-leaf tobacco belt. Between 40 and 57 million pounds of tobacco are sold each year on the Durham market. Tobacco is the principal money crop, although cotton, corn and truck crops also are important. Dairying has increased rapidly during the past few years. The county has good roads and splendid schools and churches. According to the 1950 U. S. Census there were 1,784 farms in the county.

Education: Durham is recognized as being one of the leading educational centers of the South. Its colleges and university, its public school system, its schools of music and business are rated among the best in the South by leading educators. (See Colleges, also Schools).

Malbourne Hotel

Fire Protection: Durham has a well-equipped fire department, with four stations and paid personnel giving Durham first-class insurance rating.

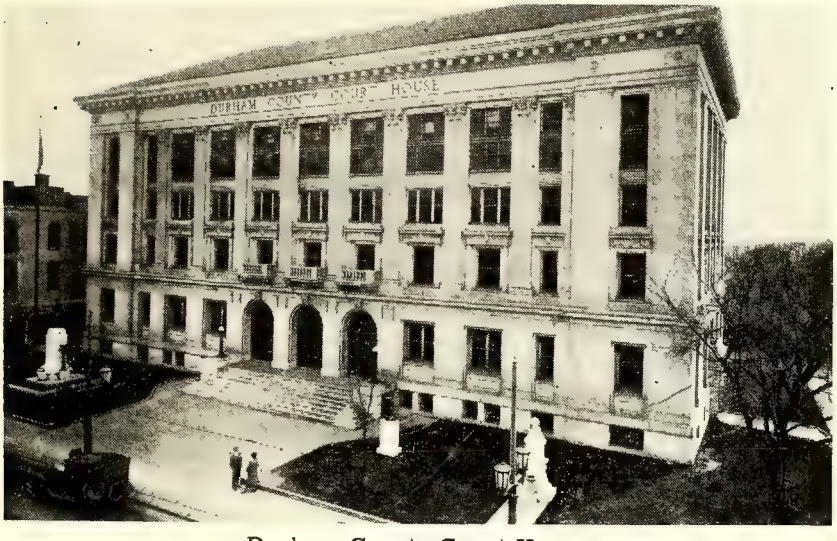
Government: Durham has had the council-manager form of government since May 4, 1921. It is admitted to be one of the best-governed cities in the state.

Health: Durham has a well-organized board of health, with 72 employees, charged with the supervision of health conditions in the entire county. It has been remarkably successful in its work. The white resident death rate for 1957 was 6.2 (colored residents, 8.7) to the 1,000. The death rate for both races was 7.1. The birth rate for white was 20.8; for colored, 23.9; total, 22.5. Milk, meats, water, markets, dairies, hotels and eating places are carefully inspected.



Hospitals: Watts Hospital (public, white) is one of the finest hospitals in the South, value, $4,786,817; 338 beds; personnel of 80 physicians and 138 nurses; endowed by Mr. George W. Watts and partly supported by contributions from city and county. Lincoln Hospital (public, colored); value, $1,180,115; 148 beds; personnel of 8 resident and 90 practicing physicians, and 22 graduate and 42 student nurses; partly supported by contributions from city and county. McPherson Hospital (private-eye, ear, nose and throat); value, $120,000; 45 beds and personnel of 11 physicians and 19 nurses. Duke Hospital with 673 beds, representing an investment of more than $3,000,000 is said to be the best-equipped hospital in the world. It was opened on July 21, 1930. During 1932 the Duke Hospital Nurses' Home was completed at a cost of over $300,000. Two other nurses' homes have been added. The North Carolina Cerebral Hospital (palsy), has 40 beds. The State has taken over the 3,300-bed Army Hospital at Camp Butner, and this is now a mental institution. Recently completed is the 500-bed U. S. Veterans medical and surgical hospital here. Durham is the chief medical center south of Baltimore.

Hotels: Durham is unusually well provided with hotel facilities. The Washington Duke is one of the finest hotels in the South, having been constructed at a cost of more than $1,750,000. It has 300 bedrooms, all with bath. The Malbourne Hotel—200-room capacity—is a fireproof hotel. Other hotels are the McArthur; the Biltmore and Isler hotels for Negroes.

Industries: Durham is the second largest industrial center in North Carolina, its output of manufactured products being valued at $200,000,000 annually (U. S. Census of Manufactures). It has large tobacco industries, manufacturing

such well-known brands as Duke's Mixture smoking tobacco, and a great many brands of cigarettes. It is the home of the Durham Hosiery Mills (manufacturers of hosiery and synthetic yarns), and the Golden Belt Mfg. Co. (manufacturers of cloth bags). There are also manufactured in Durham, Erwin and White-Star sheetings and pillow cases; Virginia-Carolina fertilizers; Occoneechee, Peerless and Climax flours; blank books, corrugated boxes, wooden boxes, castings and iron products, harness and saddles, bread, ice, mattresses, brick, building materials, proprietary medicines, furniture, roofing, meat-packing products, machinery, and hogshead heads. Due to proximity to source of raw materials, natural gas, cheap electric power and its transportation facilities, Durham offers unexcelled opportunities for the location of industries.

Location: Durham is situated in the geographical center of North Carolina, a few miles north of the center of population of the state. Its terrain is slightly rolling and is well drained.

Payrolls: The payrolls of Durham exceed $100,000,000 annually.

1957 season, 33,672,106 pounds for $18,102,709.75.

Transportation: Durham has five lines of railroad, radiating in seven directions. It has two lines of the Southern Railway, the Seaboard Air Line Railway, the Norfolk & Western Railway, the Durham & Southern Railway, and the Norfolk Southern Railroad. These railroads afford unusually good freight facilities. Durham is on the National Highway and the Central Highway, the principal routes between the North and South and between the East and West. Excellent bus service is maintained between Durham and Raleigh, Wake Forest, Henderson, Oxford, Roxboro, Greensboro, Chapel Hill, Pittsboro, Siler City and Danville, Va.

Water: Durham has an ample supply of pure water. An impounding reservoir completed in 1926 stores 4,600,000,000 gallons, which, if used for no other purpose, would, at the present rate of consumption, supply the demand for a period of two years. There is no longer any danger of a water shortage. The water is excellent for domestic uses and is soft and free from iron, making it very desirable for industrial purposes.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS! . . . . .

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

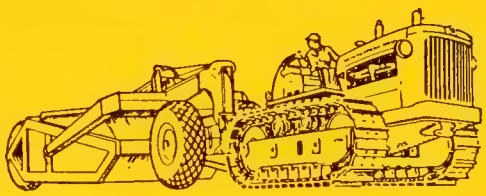
Names Appearing In Black Letters



IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

MR. CITIZEN!

Correct Information Is Valuable To You!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

WHY A YELLOW PAGE SECTION?

★It is customary to include a Yellow Page Section in the City Directory because:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

✳

The Yellow Page Section is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED.

Do your employers furnish you with the latest edition of the City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

DIRECTORY SYMBOLS AND DESIGNATIONS

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.
